

New to coach.ca (Coaching Association of Canada)?

The Coaching Association of Canada (CAC) are the leaders in the safe sport movement including the introduction of online modules to support coaches and officials in maintaining a safe sport environment.

As part of Alpine Canada's safe sport mandate, all officials who are participating in events at the FIS level and above in all three of our disciplines, must complete the e-module 'safe sport training' which is delivered by the CAC.

The training can be taken at any time, is free, takes approximately 45 minutes and your results upon completion will be linked to your officials' profile. In order to register for the module, you must acquire a NCCP number.

How do I get an NCCP number and use the Locker?

Getting a number:

Visit <https://thelocker.coach.ca/account/login?ReturnUrl=%2f>

If you are a coach or have previously been a coach, (consider multisport coaching i.e. soccer or baseball) you may have an NCCP number and have been associated with the locker. Always check to lookup your NCCP # first if you are unsure.

If you have not been associated previously, please click ' Don't have an NCCP#? Create one now' on the website. Once you have created one, be sure to add the NCCP# to your officials profile.

Using the Locker:

By clicking on your profile, you can update any relevant information and also access the e-learning modules.

Safe Sport Training

Safe, inclusive sport environments help make sport rewarding and enriching for all. By completing Safe Sport Training you will gain the knowledge and skills to create healthy and safe environments by recognizing, addressing and preventing maltreatment in sport.

After completing Safe Sport Training you will be able to:

- Understand that everyone has a role to play in keeping sport safe, how the misuse of power leads to maltreatment, and the principles of the Universal Code of Conduct.
- Understand the various types of maltreatment, the conditions that enable them, and how to recognize signs that they may be happening.
- Know what to do if you suspect maltreatment, and how you can create a culture that protects all participants. As of April 1, 2020, all Sport Canada - funded organizations are required to have training in abuse and harassment available to everyone under their immediate authority. Please identify the role for which you've been requested to completed this training. Your selection will trigger the appropriate version of the training.

Click on the 'Safe Sport Training' available module, and follow the prompts to continue and undertake the education certification.

Are you involved with a sport, or do you work for a multi-sport organization?
